## PanaVise 391 Micrometer Stand PanaVise

### Features:

- Micrometer Holder gently, yet firmly holds micrometers of all sizes.
- Neoprene pads open 1/2" (12.7mm).
- [305 Low-Profile Base](#) keeps micrometer close to work surface and out of the way.
- Base features a 4 5/16" (109.5mm) bolt circle countersunk for three 1/4" (6.3mm) flathead bolts (not included)
- Overall height 4.3" (109.2mm). Weight 1.6lbs (.7kgs)
- [Limited lifetime warranty](#)

### Description

This combination vise features interchangeable [heads](#), so you can add additional heads to do other specialized work (except model 201 PV Jr. Mini PanaVise). It is compatible with all our 300 series [base mounts](#) (except model 381 Vacuum Base PanaVise). All our vises and work holding devices come with a "lifetime warranty."
