Designed to meet the backlighting needs of LED TVs and room lighting applications, Molex's new Flexi-Mate™ family of connectors is the first of its kind on the market to provide a full range of both board-toboard and wire-to-board solutions

Molex's Flexi-Mate design was chosen above other designs because it met the needs for flexibility and space savings. The Flexi-Mate system includes board-to-board connectors that are used to snap together small panels containing LED lights. The system also includes a wire-to-board option to connect the LED boards to the main power board; a terminating connector is also available that is used as a type of shorting device to complete an open-loop signal.

The system is flexible in the sense that it provides designers several different interconnect options. The 3.00mm (.118") mated height also meets the needs of TV and room lighting units that continue to strive for thinner designs.

Other key features of the Flexi-Mate family include a dual-contact terminal design for secure electrical contact, space-saving positive side locks for wire-to-board connections, and guide features that help facilitate mating and protect terminals during mating and unmating.

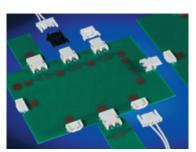

# FEATURES AND BENEFITS

#### **Features**

- Board-to-board, wire-to-board and terminator options
- · Positive side latches on crimp housing
- Dual-contact wire-to-board and board-to-board terminal design
- Mating guide features on PCB connectors
- Shrouded contacts

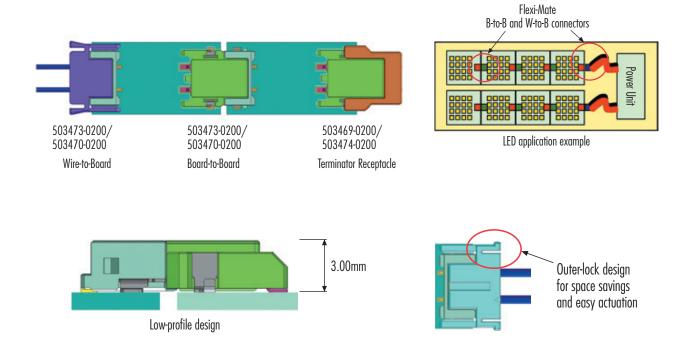

#### Benefits

- Meets needs of LED TVs and lighting equipment that use interconnecting LED panels
- Space savings and easy mating/unmating
- Ensures reliable electrical contact
- Help facilitate mating and provide smooth insertion
- Protects contact area

Flexi-Mate<sup>TM</sup> 3.70mm pitch, Board-to-Board and Wire-to-Board System

### **ADDITIONAL PRODUCT FEATURES**

# molex

Flexi-Mate<sup>™</sup> 3.70mm (.146") Pitch Board-to-Board and Wire-to-Board Connector System, Two Circuits 503471 PCB Receptacle

503469 PCB Plug 503474 Terminator Receptacle 503473 Crimp Housing 503485 Crimp Terminal

### SPECIFICATIONS

#### **Reference Information**

- Packaging: Header (Embossed tape); Housing (Bag); Terminal (Reel)
- Designed In: mm
- RoHS: Yes
- Halogen Free: Contact regional Product Manager
- Glow Wire Compliant: No

#### **Electrical**

- Voltage (max.): 500V
- Current (max.): 2.0A max.
- Contact Resistance: 40 milliohms max.
- Dielectric Withstanding Voltage: 1500V AC
- Insulation Resistance: 1,000 Megohms min.

## Mechanical

 Durability (min.): 503471/503469: 15 cycles 503471/503473: 15 cycles 503469/503473: 5 cycles

### **Physical**

- Housing: 503471/503469 (Glass-filled Polyamide), White 503474/503473 (Polyester), White
- Flammability: UL 94V-0
- Contact: Phosphor Bronze

## Plating: Contact Area — Tin

- Solder Tail Area Tin Underplating — Nickel
- Operating Temperature: -40 to +85 °C

# Flexi-Mate<sup>™</sup> 3.70mm (.146") Pitch Board-to-Board and Wire-to-Board Connector System, Two Circuits

503471 PCB Receptacle 503469 PCB Plug 503474 Terminator Receptacle 503473 Crimp Housing 503485 Crimp Terminal

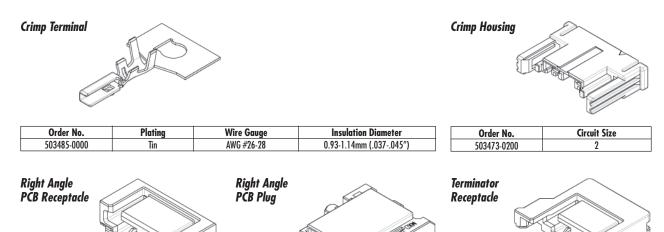

# MARKETS AND APPLICATIONS

- LED TVs
- LED 3D TVs
- Edge-lit LED BLU TVs

- LCD panels
- Track lighting for rooms
- Any application requiring space savings in width dimension area
