

8- Slot Battery Charger

- Multi-channel design allows for charging AA or AAA rechargeable batteries in pairs of 2, up to 8 batteries at once!
- Charges batteries in 2 to 5 hours, depending on how many batteries are loaded and actively charging.
- LED indicator light on each channel illuminates—
 - RED when charging, GREEN when charging is complete.
- Packaged in eco-friendly materials, including post-consumer recycled cardboard and recyclable PET plastic.
- Includes:
 - AC wall adapter

Don't Forget the Batteries!

- UltraLast Green Rechargeable Batteries replace disposables in every application without sacrificing performance.
- Can be charged as many as 500 times, or up to 3 years!
- One rechargeable battery can keep up to 1,000 disposable alkaline batteries out of landfills.

UltraLast Green™ Everyday Rechargeables™ Batteries

- Ready to use right out of the pack just like regular batteries.
- Will keep their charge up to 6+ months in low power consumption devices such as remote controls, clocks, flashlights, and other common household applications.
- Holds 80% of charge after 12 months when not in use.

UltraLast Green™ for High-Power Rechargeables™ Batteries

- Up to 4x the life of standard batteries on each charge.
- For high power consumption devices, such as digital cameras, flashes, hand-held games, RC toys, and other items that require high power or long-usage time.
