Docking Connectors

**.050 [1.27] Thru-Hole
Connectors (Continued)**

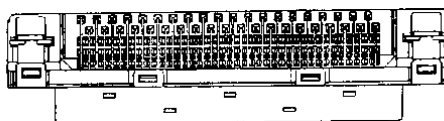

Material and Finish:

- Housing** - Liquid Crystal Polymer
- Contacts** - Copper alloy, plated gold in contact area; tin lead in solder area; all over nickel underplate
- Tine Plate** - Liquid Crystal Polymer
- Shell** - Steel, plated nickel
- Retention Leg** - Brass, plated tin-lead
- Guide Socket/Pin** - Brass, plated nickel
- Ground Plate** - Stainless steel

160 Position, Right Angle Receptacles with Retention Legs

160 Position, Right Angle Plugs with Retention Legs

Description ¹	Part Numbers	
	Receptacle	Plug
With Guide Socket/Pin	917042-4	917044-4
Without Guide Socket/Pin	917043-4	917045-4
With Guide Socket/Pin	917301-4 ²	917302-4 ³

¹ Guide sockets are used with receptacles and guide pins are used with plugs

² Uses guide socket Part No. 177728-2

³ Uses guide pin Part No. 177734-4

Note:
BLUE part numbers indicate 2D geometry and 3D CAD models that are included on CD-ROM.
