Docking Connectors

.050 [1.27] Thru-Hole Connectors

Material and Finish:

Housing – Liquid Crystal Polymer
Contacts – Copper alloy, plated gold in contact area, tin-lead in solder area; all over nickel underplate

Tine Plate - Liquid Crystal Polymer

Shell - Steel, plated nickel

Retention Leg (Right Angle Only)

- Brass, plated tin-lead

Guide Socket (Receptacles) - Steel or brass, plated nickel

Guide Pin (Plugs) - Steel or brass, plated nickel

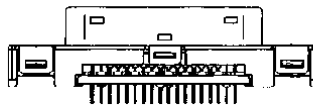

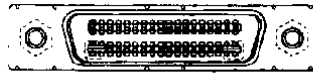

72 Position, Right Angle Receptacles with Retention Legs

72 Position, Right Angle Plugs with Retention Legs

72 Position, Vertical Plug without Retention Legs

Guide Pin Material	Connector Style	Part Numbers	
		Receptacle	Plug
Steel	Right Angle	179135-1	179139-1
Brass	Right Angle	179136-1	179141-1
—	Vertical	—	0-353902-2

Note:
BLUE part numbers indicate 2D geometry and 3D CAD models that are included on CD-ROM.
