High-Performance
Portable Label Maker with
PC or Mac® Connection

PC / Mac®

Portable

DYMO Label™ Software

Multiple applications

High-performance Portable Label Maker

Connect the LabelManager™ 420P to your PC¹ or Mac² and use DYMO Label™ Software to design labels on your computer screen, with barcodes, logos or graphics – or to print batches of labels from text in spreadsheet or database files! When disconnected from your computer, the LabelManager™ 420P label maker is a portable labelling powerhouse with an easy to use interface, quick access keys and plenty of fonts and text effects. Plus it runs on a rechargeable lithium-ion battery, so you're always ready to label.

Features

- Use standalone – or connect via USB to your PC or Mac® and use DYMO Label™ v.8 Software¹ to print barcodes, logos, batch labels from data files, and much more
- Large 4-line backlit display – shows text effects on screen before you print
- 8 fonts, 7 font sizes, 10 text styles, 8 boxes plus underline
- Quick access keys for entering diacriticals, currency and other symbols
- Powered by a rechargeable lithium-ion battery – no more disposable AA battery expense and inconvenience
- Uses DYMO® D1 labels in 6 mm, 9 mm, 12 mm and 19 mm widths

Package contents

Package includes LabelManager™ 420P label maker, lithium-ion battery pack, charging adaptor, starter D1 label cassette, USB cable, quick start guide and warranty.
