

Easy to rotate with your wrist, delivers fast and effective crimping power.

Utilizes the exact dies of the Comfort Crimp line of ergonomic tools for Sta-Kon, Spec-Kon, and Dragon Tooth.

Sta-Kon®

Battery-Powered Crimping Tool BAT22-6

1½ Tons of Grip for Less than Three Pounds!

T&B's newest battery-powered tool is fast and portable for making high volume and difficult-to-reach terminal installations in a snap. The Sta-Kon® BAT22-6 delivers 1.5 tons of crimping force with an easy, push-button trigger. The lightweight, ergonomic design minimizes the risk of repetitive motion injuries that can occur with traditional hand crimping tools. And at less than three pounds, one-hand operation is easy while still packing enough power to crimp up to 6 AWG terminals in seconds.

BAT22-6 Advantages

- **Interchangeable Dies** The BAT22-6 uses the exact dies from the Thomas & Betts Comfort Crimp line of ergonomic tools for Sta-Kon®, Spec-Kon®, and Dragon Tooth® terminals. These can be quickly changed to crimp non-insulated and insulated terminals up to 6 AWG. And because the dies are the same as our hand tools, crimps will be exactly the same between Sta-Kon® hand tools such as our ERG-2001 and the new BAT22-6.
- **360° Rotating Head** The BAT22-6 head rotates 360° giving the user the added flexibility when crimping hard-to-reach connections.
- **Short Cycle Time** With crimping times of less than two seconds, this tool brings speed to the workplace. Quick, lightweight and maneuverable, the new BAT22-6 makes installing terminals faster and easier than ever.
- **NiCd Battery Operation** The NiCd battery provides long-lasting battery life to complete up to 150 crimps on a single charge. An extra battery and charger are included with the tool ensuring round-the-clock operation. The battery charger provides full battery life in under sixty minutes.
- **Powerful and Precise** The BAT22-6 tool delivers 1.5 tons of linear crimping force, enough power to crimp up to 6 AWG terminals. The linear crimping motion gives a symmetric, high quality crimp every time.
- **Accessories** Each BAT22-6 tool is equipped with a sturdy, plastic carrying case for using the tool on the move. Case includes two 9.6 Volt NiCd batteries and battery charger along with a sturdy tray for convenient storage of crimp dies.

Specifications

Crimping force:	2900 lbs max.
Wire crimping range:	Up to 6 AWG
Crimp cycle time:	2 seconds
Power supply:	9.6 volt NiCd battery
Recharging time:	1 hour
Number of crimps per charge:	150
Dimensions:	25.4" (645 mm) Length 3.1" (79 mm) Width 2.1" (53 mm) Height
Tool weight (with battery):	2 3/4 lbs.

Sta-Kon® BAT22-6 Ordering Information

Cat No.	Description	UPC
BAT22-6	Battery Crimping Tool 1.5 Ton with 120 VAC Charger	786210-92214
<i>Crimp Dies*</i>		
DIE2001	Insulated 22-10 AWG Sta-Kon Terminals	786210-92215
DIE2002	Non-insulated 22-10 AWG Sta-Kon and Spec-Kon Terminals	786210-92216
DIE2007	Insulated 8-6 AWG Sta-Kon Terminals	786210-92546
DIE2500	Insulated 22-10 AWG Spec-Kon Terminals	786210-92217

*Tool purchase includes crimping tool, two 9V batteries, charger and case.
Dies sold separately.
