

AT|Series™ Repair Kit

Amphenol
SINESYSTEMS

Amphenol Sine Systems AT Series™ Repair Kit (Part Number: AT-RK100) is the ideal companion for anyone performing on-site or in-the-field maintenance. It contains a full range of plugs, receptacles, wedges, contacts, seals and tools, as well as a cross-reference guide, all in a heavy duty plastic carrying case, easily labeled for quick identification.

Amphenol Sine Systems AT Series™ connectors were designed as a high-performance, cost-effective solution to be used within Heavy Equipment, Agricultural, Automotive, Military, Alternative Energy or other demanding interconnect architectures. All connectors contain superior environmental seals, seal retention capabilities and feature RockSolid™ Contact technology. All of the connectors have been developed to be completely compatible with all other existing standard products industry-wide.

All AT Series™ parts are Deutsch (DT Series) compatible.

Repair Kits contain the following:
