

AC Input Single Output, General-Purpose

Conformity to RoHS Directive

F Series FMP/FMP-B(3 to 10W)

The F series FMP/FMP-B has realized a thickness of 20mm max. by the TDK original technology such as increased switching frequencies and a thin-type transformer or filter. It has an equivalent level of the FCC class B in the noise terminal voltage in spite of the compact size. An onboard-type FMP-B is included in the lineup.

FEATURES

- AC.100V input thin-type single output power supply.
- Compact plastic package type.
- Low price.
- Low noise (FCC class B compliant).
- It is a product conforming to RoHS directive.

PPART NUMBERS AND RATINGS

FMP

Output voltage (V)	3W Type		10W Type	
	Current(A)	Part No.	Current(A)	Part No.

^{*1} Current rating(maximum output current) is determined for 0 to +50°C. Derating is required when used outside this temperature range.

^{*2} The output load variation is determined within the range set by the minimum output current and the maximum output current. Nominal values might possibly not be satisfied when output is below the minimum output current.

^{*3} Although there is no built-in overvoltage protection circuit, the overvoltage prevention method is used for circuit design, thereby preventing overvoltage.

^{*4} Output may fail to come on when operated in series.

FMP3W Type

SHAPES AND DIMENSIONS

- Do not insert M3 installation screws more than 6mm into the power supply. (Recommend torque 0.48N • m)

INPUT/OUTPUT TERMINAL

For input/output terminals, 187-type Faston® tabs are used. These terminals are commercially available from various terminal manufacturers. Two manufacturing companies among them will be introduced below. These terminals can be soldered, though it is undesirable to heat them for a long time.

187 TAB PRODUCT INTRODUCTION A

4.8 mm series tab connection terminal (187 tab-on connector)

Unit: mm

Part No.	Applicable wires	External diameter of insulated coating(mm)	Material	Surface treatment	W	L	E	T (approx.)	Plate thickness	Thickness of applicable tab*	Quantity/reel
STO-01-187N	FS4.8B-0.5-5(STO-01T-187N)*1*2	0.2 to 0.5	Brass	Tinning	5.6	15	6.3	1.5	0.32	0.5	10,000
STO-41-187N*2
