

ABC75 TYPE

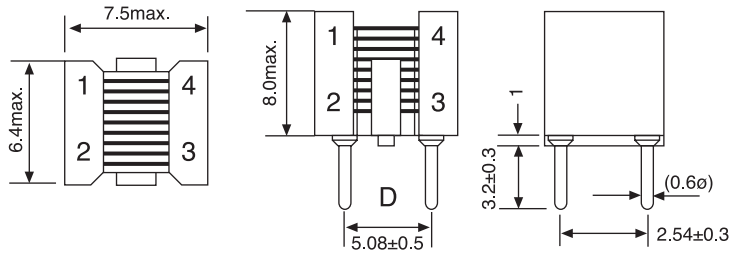

LINE FILTER (COMMON MODE CHOKE COIL)

APPLICATION

- EMI Countermeasures at Singnal Lines of personal computer, Microcomputer, peripheral device, etc.
- Countermeasures against common-mode noise at composite video Singnals.

SHAPE & DIMENSION

SPECIFICATION

Part No.	Rated Voltage (V)	Rated Current (mA)	Inductace (1KHz, 70mA)	DC Resistance (m OHM) max.	Packing
ABC75-050	50	500	5	30	BULK
ABC75-400	50	500	40±35%	40	BULK
ABC75-600	50	500	60±35%	45	BULK
ABC75-800	50	500	80±35%	50	BULK

- Rated Voltage: 50V
- Test Voltage: 200V DC for one minute between lines
- Insulation Resistance: More than 10MΩ (100V DC, between lines)
- Operating Temperature: -25°C ~ +70°C

Impedance vs. Frequency
