

Legacy
SD30VX
10MHz to 12400MHz

Specifications

RF Frequency	10MHz to 12400MHz
Noise Output	35 dBENR
Noise Spectral Density (No)	-139dBm/Hz

Package and Connectivity

Construction	Axial Lead
--------------	------------

Environmental

Operating Temperature	-65 to 125 °C
Storage Temperature	-65 to 150 °C

Notes

Specifications subject to change without notice
