

Legacy
SD25-2
1MHz to 500MHz

Specifications

RF Frequency	1MHz to 500MHz
Noise Output	36 dBENR
Noise Spectral Density (No)	-138dBm/Hz

Package and Connectivity

Construction	Axial Lead
--------------	------------

Environmental

Operating Temperature	-65 to 125 °C
Storage Temperature	-65 to 150 °C

Notes

Specifications subject to change without notice
