II.0-20.0 GHz GaAs MMIC Packaged Driver Amplifier

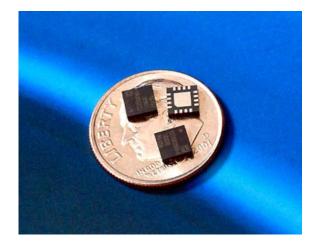

February 2007 - Rev 08-Feb-07

Features

- 🗙 20 dB Gain
- 🗡 14 dBm P1dB
- X 3x3 QFN Package
- ★ Single Power Supply
- 🗙 5-7 V, 90 mA Self Bias
- ✗ On-Chip ESD Protection

Circuit Description

Mimix Broadband's 3 stage 11.0 to 20.0 GHz driver amplifier is packaged in surface mount 3x3 QFN package. The device is a self-biased, single supply design with 20 dB gain and 14 dBm P1dB. This MMIC uses Mimix Broadband's 0.25um optical pHEMT process.

Absolute Maximum Ratings

Supply Voltage	+8 V
RF Input Power	+10 dBm
Storage Temperature (Tstg)	-55 ℃ to +125 ℃
Junction Temperature	175 °C
Operating Temperature	-40 °C to +85°C

Electrical Characteristics (T=25°C)

		CMM1118-QT-0XXX			CMM1118-QT-BXXX		
Parameter	Units	Min.	Тур.	Max.	Min.	Тур.	Max.
Frequency Range	GHz	11		18	17.7		19.7
Gain	dB	17	19		17	19	
Gain Delta	dB		2			2	3
Output P1dB	dBm	12	13		12	13	
Output IP3	dBm		22			22	
Input Return Loss	dB		-8			-8	
Current	mA			100			100
Supply Voltage	V		5	7		5	7

Typical Parameters

Parameter	Typical				
Frequency	12	14	16	18	20
Gain	21.5	20.4	19.6	19.2	20
IP Return Loss	-10.3	-11.2	-10.6	-17	-5.5

Handling and Assembly Information

CAUTION! - Mimix Broadband MMIC Products contain gallium arsenide (GaAs) which can be hazardous to the human body and the environment. For safety, observe the following procedures:

- Do not ingest.
- Do not alter the form of this product into a gas, powder, or liquid through burning, crushing, or chemical processing as these by-products are dangerous to the human body if inhaled, ingested, or swallowed.
- Observe government laws and company regulations when discarding this product. This product must be discarded in accordance with methods specified by applicable hazardous waste procedures.

Life Support Policy - Mimix Broadband's products are not authorized for use as critical components in life support devices or systems without the express written approval of the President and General Counsel of Mimix Broadband. As used herein: (1) Life support devices or systems are devices or systems which, (a) are intended for surgical implant into the body, or (b) support or sustain life, and whose failure to perform when properly used in accordance with instructions for use provided in the labeling, can be reasonably expected to result in a significant injury to the user. (2) A critical component is any component of a life support device or system, or to affect its safety or effectiveness.

Package Attachment - This packaged product from Mimix Broadband is provided as a rugged surface mount package compatible with high volume solder installation. Care should be taken not to apply heavy pressure to the top or base material to avoid package damage. Vacuum tools or other suitable pick and place equipment may be used to pick and place this part. Care should be taken to ensure that there are no voids or gaps in the solder connection so that good RF, DC and ground connections are maintained. Voids or gaps can eventually lead not only to RF performance degradation, but reduced reliability and life of the product due to thermal stress.

Mimix Lead-Free RoHS Compliant Program - Mimix has an active program in place to meet customer and governmental requirements for eliminating lead (Pb) and other environmentally hazardous materials from our products. All Mimix RoHS compliant components are form, fit and functional replacements for their non-RoHS equivalents. Lead plating of our RoHS compliant parts is 100% matt tin (Sn) over copper alloy and is backwards compatible with current standard SnPb low-temperature reflow processes as well as higher temperature (260°C reflow) "Pb Free" processes.

Part Numbering Designator - For Mimix/Celeritek lead-free products, the letter "G" will be used in the part number for Matte Tin finished RoHSCompliant components and "L" will be used in the part number of NiPdAu finished RoHS Compliant components in the second position of the part number suffix, as shown below:

Example A: CXX1234-XX-0G00 = component bulk quantity Matte Tin finished RoHScompliant parts Example B: CXX1234-XX-0L0T = component in tape and reel NiPdAu finished RoHS parts

For those customers not making the change at this time, Mimix/Celeritek will maintain production of current configurations. For questions and comments e-mail: ourearth@mimixbroadband.com.
