

## 3-Levels Half-Bridge Inverter Stage, 60 A/57 A

**EMIPAK2**
**FEATURES**

- Warp1 and Warp2 PFC IGBT
- FRED Pt® and HEXFRED® antiparallel diodes
- FRED Pt® clamping diodes
- Integrated thermistor
- Square RBSOA
- Operating frequency 60 kHz to 150 kHz
- Low internal inductances
- Low switching loss
- Compliant to RoHS Directive 2002/95/EC

**RoHS  
COMPLIANT**
**PRODUCT SUMMARY**

1° LEVEL OF HALF-BRIDGE	
$V_{CES}$	600 V
$V_{CE(ON)}$ typical at $I_C = 50$ A	1.8 V
$I_C$ at $T_C = 98$ °C	50 A
2° LEVEL OF HALF-BRIDGE	
$V_{CES}$	900 V
$V_{CE(ON)}$ typical at $I_C = 50$ A	2.73 V
$I_C$ at $T_C = 93$ °C	50 A

**DESCRIPTION**

VS-EMF050J60U is an integrated solution for a multi level inverter half-bridge in a single package. The EMIPAK2 package is easy to use thanks to the solderable terminals and provides improved thermal performance thanks to the exposed substrate. The optimized layout also helps to minimize stray parameters, allowing for better EMI performance.

Vishay Semiconductors

3-Levels Half-Bridge  
Inverter Stage, 60 A/57 A

## ORDERING INFORMATION TABLE

Device code	<b>VS-</b>	<b>EM</b>	<b>F</b>	<b>050</b>	<b>J</b>	<b>60</b>	<b>U</b>
	①	②	③	④	⑤	⑥	⑦

- 1** - Vishay Semiconductors product
- 2** - Package indicator (EM = EMIPAK2)
- 3** - Circuit configuration (F = 3-levels half-bridge inverter stage)
- 4** - Current rating (050 = 50 A)
- 5** - Die technology (J = Warp2 IGBT)
- 6** - Voltage rating (60 = 600 V)
- 7** - U = Ultrafast

Vishay Intertechnology, Inc., its affiliates, agents, and employees, and all persons acting on its or their behalf (collectively, "Vishay"), disclaim any and all liability for any errors, inaccuracies or incompleteness contained in any datasheet or in any other disclosure relating to any product.

Vishay makes no warranty, representation or guarantee regarding the suitability of the products for any particular purpose or the continuing production of any product. To the maximum extent permitted by applicable law, Vishay disclaims (i) any and all liability arising out of the application or use of any product, (ii) any and all liability, including without limitation special, consequential or incidental damages, and (iii) any and all implied warranties, including warranties of fitness for particular purpose, non-infringement and merchantability.

Statements regarding the suitability of products for certain types of applications are based on Vishay's knowledge of typical requirements that are often placed on Vishay products in generic applications. Such statements are not binding statements about the suitability of products for a particular application. It is the customer's responsibility to validate that a particular product with the properties described in the product specification is suitable for use in a particular application. Parameters provided in datasheets and/or specifications may vary in different applications and performance may vary over time. All operating parameters, including typical parameters, must be validated for each customer application by the customer's technical experts. Product specifications do not expand or otherwise modify Vishay's terms and conditions of purchase, including but not limited to the warranty expressed therein.

Except as expressly indicated in writing, Vishay products are not designed for use in medical, life-saving, or life-sustaining applications or for any other application in which the failure of the Vishay product could result in personal injury or death. Customers using or selling Vishay products not expressly indicated for use in such applications do so at their own risk and agree to fully indemnify and hold Vishay and its distributors harmless from and against any and all claims, liabilities, expenses and damages arising or resulting in connection with such use or sale, including attorneys fees, even if such claim alleges that Vishay or its distributor was negligent regarding the design or manufacture of the part. Please contact authorized Vishay personnel to obtain written terms and conditions regarding products designed for such applications.
