

Ceramic Surface Mount Crystal

The SM5 series incorporates a sub-miniature AT-cut strip crystal resonator housed in a standard 7.0x5.0x1.3 mm ceramic package with 2 pads. These compact crystals are ideal for surface mount, densely-populated PCB applications.

Ordering Information

Product name + CL + Operating Temperature Range + Tolerance + Stability + Other Code + Frequency.

i.e. SM5B-20-C-30-30-F-24.000MHz

Note:

- Other frequencies, tolerances, stabilities, and operating temperature ranges available. Consult VTC Support for specific requirements.
- Not all combinations of the above tolerances, stabilities, and temperature ranges are available. Consult VTC Support if your requirement is not standard.
- 3. All specifications subject to change without notice.
